## MISSION

The mission of the Committee of Good Will — Olga Havel Foundation is to help people who because of their health or social status find it difficult to participate in society or cannot care for themselves without other people's assistance.

Through its activities, the Foundation aims to foster spiritual values and support education, defend human rights, and promote humanitarian values.

## GOALS

### The Committee of Good Will — Olga Havel Foundation

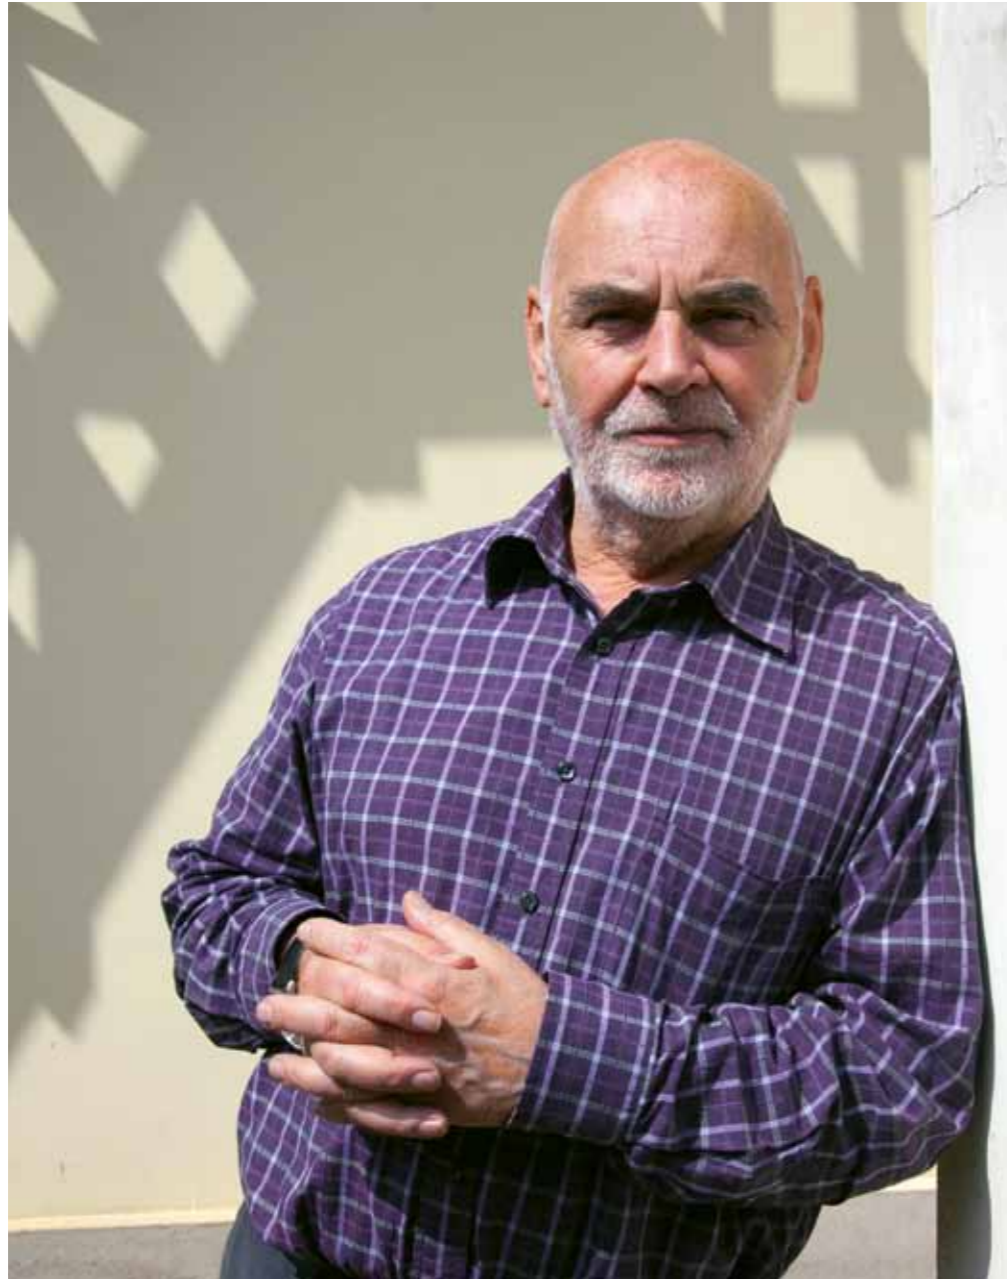

- supports social services that help people at risk of social exclusion claim their rightful place in society;
- assists civic associations and charities that provide social services to abandoned and disabled children, the homeless, women in need, the elderly, and people recovering from illness or injury, as well as organisations that help the ill and support people during their final days;
- runs its own programmes in support of education for disabled children;
- presents the Olga Havel Award annually to persons who despite their disability engage in helping others;
- protects humanitarian values and education in society, as a particular wish of its founder Olga Havel;
- collaborates with other NGOs on proposing changes to legislation to improve social and healthcare services and to protect human rights.

## CODE OF CONDUCT

- 1| Members of the Olga Havel Foundation's (OHF) bodies, employees, external partners, and volunteers shall demonstrate their allegiance to the founders of the OHF and its traditions. At all times, they shall be aware of their responsibility for the overall image of the Foundation and the whole NGO sector, which includes the OHF. They shall promote the good reputation of the OHF, they shall strive to prevent any possible conflict of interest, and they shall not seek personal profit at the expense of the Foundation.
- 2| The OHF uses its resources for the beneficial purposes for which it has been established. It minimizes the expenses of its own administration, and manages its budget to make it a stable or even growing source of income.
- 3| The OHF makes its documents available to the public. Information about its activities is published in annual reports, which include financial information, donations and donors, and endowed contributions.
- 4| The OHF strives to define its mission, goals, and programmes clearly and comprehensibly. It ensures that funding is provided according to a clear set of guidelines, which are published in advance in annual reports and on the foundation's website at [www.vdv.cz](http://www.vdv.cz).
- 5| The OHF treats the applicants and receivers of grants and services in a helpful and honest way, protecting their privacy. It keeps the intellectual values included in applications and projects in strict confidence.
- 6| The OHF keeps donors and sponsors informed about the acceptance of their donations and their use. Gifts provided for specific purposes are to be used in accordance with the donor's instructions or contracts. The OHF respects the will and wishes of donors and testators. OHF employees will clarify with the donors or testators and their families how information about the donor's gift will be published in the annual report if necessary.
- 7| The OHF promotes its activities in ways that respect the dignity of its donors and the receivers of its funding.

## A WORD FROM THE OHF PRESIDENT

*This is my first opportunity to present my sincere regards to the readers of the Annual Report of the Committee of Good Will – Olga Havel Foundation for the year 2021. Sadly, I have to start with heart breaking news. The OHF President MUDr. Milena Černá passed away in September. She dedicated all her talents and powers to the Committee of Good Will. OHF was the paramount object of her life. That is no overstatement; she managed the foundation for 29 years. I understand the value of the baton I am taking over; I appreciate the amount of effort and creativeness that will be needed to honour the legacy of this exceptional woman.*

*The whole of last year, just like the one before, was marked by the ongoing pandemic of covid-19. The considerable drop in economic performance and the strong social restrictions were not exclusive to the Czech Republic or Europe, they affected the whole world. During the year, the government repeatedly declared the state of emergency, closed schools and preschool facilities, and implemented other strict measures, such as the lockdown and the compulsory testing. In short, it was the most dramatic year in the history of the independent Czech Republic. Clearly, the number of people in need of assistance soared. I was very glad to see the OHF activities run at full speed.*

*The outcomes for the year 2021 speak plainly. We supported 2,843 individuals, 284 organisations, we distributed CZK 31,222,884, and another CZK 9.7 million was distributed within the Active Citizens Fund. I would like most cordially to thank the OHF executive team and its successful leader Monika Granja.*

*I wish you all a lot of strength and determination to deal with the effects of the aggressive war in Ukraine. I assure you that OHF will stand up to the awaiting serious challenges.*

A handwritten signature in blue ink, reading "Vojtěch Sedláček".

Vojtěch Sedláček,  
OHF President

## PATHWAYS TOWARDS INTEGRATION

Pathways Towards Integration is one of the crucial OHF programmes. It started as far back as 1990, and has since supported thousands of people with disabilities. Its main focus is the integration of children and adults with disabilities into ordinary life, especially by assisting them in obtaining healthcare and compensatory aids not fully covered by the public health insurance, or by supporting organisations offering field, outpatient and inpatient services to people with disabilities. The programme includes the project *Ticho neléčí (Deafening Silence)* intended to assist families of children with hearing loss in obtaining hearing aids and other necessary equipment.

The sources of money for this programme include the national collection *There Can Never Be Enough Kindness*, account no. 625625625/0300, launched in March 2013.

*We helped to pay for:*

wheelchairs: 116 | hearing aids: 75 | rehabilitation aids: 76 | other: 43

“The new wheelchair changed my life completely. I used to be confined to my home and my garden, because my handicap prevented me from going further. Now I can ride all over our town on the local roads. I can see how much it has changed for the better over the years, I can stop and chat with people, with friends, I really missed that in the recent years. We go for a ride with my wife almost every day (she on her electric bicycle), we cruise the region and admire the nature. That fills us both with strength, energy and optimism.

In short, you have completely changed my tedious monotonous life, I would like to thank you most cordially for your financial grant.”

*Mr. Jiří*

## FUND TO HELP CHILDREN WITH CEREBRAL PALSY

Since 2015, our foundation has assisted families which raise children with cerebral palsy (CP). The care of such children represents a substantial psychological and financial burden for the family. Healthcare aids, home accessibility equipment and the special therapy are hard to afford for many families. That is why we distribute grants for expensive motor therapy which has not been covered by public health insurance despite its well-researched benefits for juvenile patients. The comprehensive therapy is very efficient in stimulating desirable psychomotor development in children.

“Let me thank you for your grant for my son Jáchym. Your assistance allowed him to take repeated intensive one-month neurorehabilitation therapy at the Axon Clinic, Prague. The therapy lasted for four weeks, always 3 hours a day. He received top quality care with therapy using the latest methods of rehabilitation and tailored to my son’s needs. After the therapy, Jáchym’s body is much firmer, he can stand with support, he has strengthened his back and belly muscles, he is more stable and became much more self-confident. We believe he would walk on his own one day. I cannot thank you enough!”

## SASAKAWA ASTHMA FUND

The fund was established in 1993 by the Sasakawa Foundation, later renamed The Nippon Foundation. The profit from the deposited amount is distributed in an RFP procedure to organisations providing preventive services and curative stays for such children, to hospitals for equipment in their allergology wards, and to facilities providing curative stays and rehabilitation in a clean natural environment to children with asthma or allergy.

“Curative stays for children with asthma, bronchitis, diseases of the upper respiratory tract or allergy are organised in the Tatra Mountains, Slovakia, and the Giant Mountains, Czechia. The benefit of our project also lies in the fact that our skilled staff has the opportunity to influence and educate the parents of our patients. Over the 32 years of organising these stays with the Committee of Good Will, we treated over 2,500 children, worked with some 300 paediatricians and several dozen physiotherapists, and influenced over three thousand parents and grandparents ...!”

## SENIOR

For many years, the Senior programme has supported projects of NGOs which enable people to live their lives to the full even at an old age. As in previous years, our grants helped purchase equipment for retirement homes and nursing homes, for rental services offering aids for elderly people living in their homes, and for homecare services. There were also grants for social services staff training in basal therapy, sensory activation and other internationally acknowledged activation programmes.

“The grant allowed us to run two educational modules on sensory activation. Attendants of the courses learned about the main ideas and values of the concept of sensory activation, they learned to assess the resources of their clients (and their own resources), they gained some insight into the experience of people with dementia and learned to understand their needs. But mainly, they tried sensory activation themselves to appreciate the richness of experience the activity can produce. Although we were unable to run the third module, so the course was left incomplete, the attendants gained new insight and new attitude to the care of people with dementia.”

## PALLIATIVE CARE

The aim of the programme is to support organisations which provide palliative care to people with incurable diseases and their families. It emphasises a complex approach to the care of dying people, keeping a high standard of life and alleviating the burdens presented by the disease. The programme has offered grants and contributions for the equipment of hospices, aids for mobile hospices, and staff training in hospices and nursing homes. Since 2016, we have put special emphasis on the development of palliative care for children. Therefore, in 2020, we pledged to a three-year support of the new Institute Pallium which undertook to push through a change to the system of palliative care for children. The organisation received a grant of CZK 750,000 from the OHF in 2021, which it used for education courses and conferences, development of updated versions of documents *The State of Child Palliative Care and Child in the Care of Home Hospice (Service Enhancement Guide for Managers)*, for the financial support of university students, and for the development of the child palliative care policy.

“The OHF grant allowed us to improve the standard of life for our terminally ill patients. The adjustable bed with an anti-decubitus mattress helped us prevent decubiti in our patients. The blood pressure monitor allowed us to diagnose abnormalities of the heart activity and blood pressure, which helped us prevent falls and other accidents. Oxygen concentrator helped our patients with covid or primary pulmonary diseases. The grant brought us new healthcare devices which allowed us to provide care to more patients.”

*Diocesan Charity Brno*

## ORDINARY LIFE

The grant programme supports social projects of organisations which assist people at risk of social exclusion in finding their way back to ordinary life. The resources are designed for NGOs working with Roma children, low-income families with children, single parents, people released from prison, and all people who, despite all their efforts, have little chance to live an ordinary life. This year, we allocated an emergency fund of CZK 1 million to guide people severely burdened by debts in using the “*Merciful Summer*” debt relief event. The grant went to Caritas CR which used it to assist 200 people in debts to terminate their distraint processes.

“The grant allowed us to buy new tools which our clients use in work therapy. The diversity of the tools let them gain new experience and skill which they could use in their new jobs. It also helped the organisation to establish collaboration with local companies. When our clients work on assignments, they meet representatives of the companies, which helped two of them obtain an employment contract. The work therapy programme was attended by 19 clients. Beside the above mentioned two, six more were able to get a regular job after the therapy.”

## ROOF FIRST

The Roof First project was established by Vojtěch Sedláček together with the NADĚJE NGO. It assists people who have lost their home by giving them free accommodation in hostels and refuge facilities for up to two months. It also provides free services of experts who help these people find regular housing or a new job, or apply for necessary documents (social support, identity cards, etc.). This support enables them to start a new life. In 2021, the programme paid for temporary accommodation for 62 families with children, 57 women and 180 men.

“The Roof First project allows streetworkers to offer accommodation to homeless people who have no regular income. That gives the people time not only to obtain financial resources, but also to take other steps necessary to alleviate and rectify their situation in life. It allows them make plans for the future. Roof First is doubtless very efficient in assisting people in very difficult situation. All people should be granted the right to decent housing.”

## HOUSING SUPPORT FUND

OHF launched a pilot project Housing Support Fund in collaboration with the Prague Municipality in the spring of 2020. The fund is designed to provide financial assistance to people in need under strict conditions to help them prevent a potential loss of home. The project responds to the limited offer of housing in Prague and prevents mostly single parents from ending up in the street. The financial support can only be granted to people who also use social therapy and services from organisations engaged in the project.

“Within our social services, we work with families which moved to social housing after many years in very poor conditions. But the new housing brings about new responsibilities, and these families often fail to honour some of their obligations at the beginning. Some of these families were rescued by the Fund which helped them deal with the problems, settle the debts, stabilise their situation in life and retain their homes. The Fund also helped to overcome barriers to people who looked for commercial housing, but lacked funds to cover the security deposit. We are grateful for a fund that understands the hardships these people face, a fund which helps when other options fail.”

## EDUCATION FUND

The aim of the scholarship programme is to provide talented students from socially disadvantaged families, foster homes, and also students with disabilities an easier access to education through scholarships. In 2021, monthly grants were provided to 71 students at secondary schools and universities (14 students with disabilities, 34 socially disadvantaged students and 23 students from children's homes or similar facilities). The OHF offered one-off contributions to 6 students for school fees and learning or compensatory aids.

## NIKOLA TESLA SCHOLARSHIP

OHF supports STEM students at Czech universities and colleges, who need to deal with a physical or social disadvantage, by means of monthly grants within the Nikola Tesla Scholarship programme. In 2015, the ČEZ Foundation helped us support the first students. Today, there are several donors who help us support STEM students in their demanding studies and help them achieve education which will make them competitive in the labour market.

## ACTIVE CITIZENS FUND

Active Citizens Fund issued three calls addressed to NGOs. The aim was to activate people, inspire and empower disadvantaged groups, develop advocacy and watchdog activities, and advance the digital skills and potential of NGOs. Throughout the year, there were 23 webinars and seminars for applicants and grant recipients on various topics, such as project logic, impact monitoring or visual identity. We have completed 34 monitoring visits in the recipient organisations. Representatives of all the recipient organisations met online in October to share their experience and good practice. The meeting also addressed important current issues, such as vulnerable groups empowerment. A basic grant call worth EUR 8 — 85,000 was published in October (deadline in 2022) for projects focusing on current topics in the individual areas of the programme.

“I believe that our project will allow socially disadvantaged children to access better education and improve their chances for a better future. Better lower education will give them more freedom in choosing their future career – their choice will not be limited to low-skill and low-wage jobs or social support. In other words, the intense care of our assistants has the power to help them break the vicious circle of low education and poverty that their parents could not escape.”

## DONATE YOUR HEART

The challenge *Donate Your Heart* was launched to mark the 30<sup>th</sup> anniversary of the OHF. The aim was to encourage young people to participate in the activities of the civic society. Students learn about non-profit activities, explore the workings of the sector, and understand the opportunities that it presents. 28 teams from 19 schools all over the Czech Republic joined the second year of the challenge. Students were asked to find an NGO providing social services in their neighbourhood or region and learn about its activities and needs. Then they could apply to our foundation for a financial grant for the organisation. OHF representatives selected 10 applications and distributed grants of up to CZK 20,000. The participating students were invited to the discussion entitled *The Young Finetune the Civic Society* held on 10 November at the Václav Havel Library, Prague, and attended by Klára Bělíčková from Fridays for Future, student Iva Jevčáková from the Hodonín Grammar School, teacher Libor Čada from the Kostka Secondary School in Vsetín, and Martina Tvrdoňová, director of the NGO Domov Ludmila. The host of the discussion was the partner of the challenge — actress Kateřina Pechová.

## EMERGENCY FUNDS FOR ASSISTANCE DURING THE PANDEMIC

The covid epidemic gains a momentum in the Czech Republic in 2021, which encouraged us to strengthen our assistance to organisations providing services to people most threatened by the pandemic. We paid out contributions allocated from the emergency programme Assistance in Need Fund during the second wave of the pandemic, and in November 2021, we issued another emergency call to pay for the expenses incurred by NGOs in relation to covid testing in emergency accommodation facilities or day-care centres. We continued our support for the distribution of sanitizers and cleaning products for NGO clients and ICT equipment for socially disadvantaged families. In collaboration with L'Oréal Czech Republic, we prepared over 1,600 beauty gift sets for nurses and healthcare assistants as a way of acknowledging their efforts during the pandemic.

"The OHF grant was very quick and efficient in the current conditions. We bought face masks and sanitizers, and also a notebook for one of our early care assistants, which was a priceless improvement at the time when much of the ordinary agenda could only be completed online."

## FUND TO ASSIST TORNADO-AFFECTED REGIONS

On 24 June, a sudden tornado in South Moravia left several dead and caused immense material damage. Our foundation issued an emergency call entitled *Fund to assist the tornado victims*, with the aim to support NGOs which provide assistance to people affected by natural catastrophes. The fund helped renew the day-care centre for elderly and disabled people Homediss in Mikulčice, and it was instrumental in finding new housing for people who lost their homes in Břeclav.

WE DISTRIBUTED **CZK 173,503**

WE HELPED **2 organisations**

COORDINATOR **Gabriela Bauer**

"The grant from the foundation allowed us to support four clients and their families in finding new housing. Their previous homes were destroyed on 24 June, 2021, when South Moravia was hit by an extreme hailstorm and tornado. All the supported clients used to live in the Břeclav hostel which was hit by the tornado and assessed as unstable and to be demolished. Our clients lost their homes and they were offered only emergency accommodation in another hostel which is unfit for long-term living. Three clients used the funds to find a new home, one family used it to keep the housing they found themselves after leaving the hostel. The new and permanent housing means stability for the clients. Having their "own" home gives them assurance and new start. Thank you very much for supporting our clients at that difficult time!"

## SALZBURG MEDICAL SEMINARS

Since 2000, the OHF has mediated stays of Czech physicians at the Salzburg Medical Seminars organised by the American Austrian Foundation within the *Open Medical Institute* programme. 63 physicians from the Czech Republic took part in 12 medical seminars in Salzburg and 17 online seminars (“OMInars”) in 2021. The topics of the courses included neurology, cardiology, paediatrics, dermatology, oncology or psychiatry. Online seminars were organised in the months when the pandemic situation did not allow for personal meetings in Salzburg.

## HEALTH AND LIFESTYLE

For the eighth consecutive year, lectures for the public were organised in the Municipal Library of Prague that follow upon the Salzburg Medical Seminars project and concentrated on public education about healthy lifestyle. The lecture *Covid-19 and Vaccination* took place on 2 June. The top Czech expert on immunology prof. Vojtěch Thon explained very clearly the way in which the SARS-CoV-2 virus causes the covid-19 illness. He described the mechanisms of immune response and focused on the currently available vaccines and other ways of preventing the illness. Due to the pandemic, the lecture was in the form of a live online stream, during which the participants could ask prof. Thon questions. On 25 November, a discussion entitled *The Maze Called Alzheimer* took place in the Municipal Library of Prague. The authors of the book of the same title, Kateřina Čechová and Adéla Fendrych Mazancová presented useful information about the Alzheimer disease and the opportunities for its treatment and prevention.

## SPORTS FOR CHARITY

Since 2009, our foundation has conducted a project which involves non-professional athletes in supporting people in need. Despite the pandemic, OHF partnered a number of sports events. It was traditionally a part of the 54<sup>th</sup> ČEZ Jizerská 50 cross-country skiing race which took place on a limited scale on 12 – 14 February and brought proceeds of CZK 660,000. The traditional triathlon event *DoksyRace* took place in September, raising CZK 18,000 for the purchase of healthcare aids. This year saw the beginning of new collaboration with *Rozběháme Česko*, who organised an Ostrava – Plzeň running relay within the challenge *Kopni do vrtule*; they collected CZK 31,150 to pay for sports equipment and sports courses for socially or physically disadvantaged children. Like in previous years, futnet players from Radimovice u Želče joined Sports for Charity on 10 July with their tournament, and raised CZK 24,280 to assist disabled Leonka. Under the patronage of our foundation, the *Good Will Run* which took place in Komenského Sady, Ostrava, on 9 October raised CZK 12,620 for children with developmental nervous disorders.

The Olga Havel Foundation linked these two areas very finely, so the event was a sure bet. It has become a cherished tradition. It strengthens the feeling of belonging and togetherness in our employees; it gives them the opportunity to meet their colleagues or clients outside the work environment, which encourages the team spirit.”

## OLGA HAVEL GOOD WILL RUN

The third year of the Good Will Run took place on 15 September in the Hvězda Park, Prague, under the auspices of Prague 6’s Vice-Mayor Jan Lacina. The benefit run was attended by over 500 runners, both adults and children. Thanks to the generous assistance of various organisations, companies and volunteers, the whole collected sum was used to help families in need. Several NGOs joined the project – the glass trophies were made by mentally disabled people in the Bona sheltered workshop, sellers of Nový Prostor helped sort the waste, food stands were managed by NGOs Cooks Without Home, Bílá Vrána, Slunce pro všechny Endowment Fund and Pivovar Neratov founded by the Neratov Association. Additional activities were prepared by Prague Wheelchair Sports Club and the Burn Fighters organisation helping people with severe burns. Participants of the run could use the Nadace ČEZ Foundation’s application *Move to Help*, which turns kilometres into money for families in need.

## THE OLGA HAVEL AWARD

The Olga Havel Award is presented annually by the OHF to people who despite their disadvantage enthusiastically engage in work for others. On 14 June, the award for the year 2021 was conferred on **Marek Navrátil** for his extensive activities in volunteering, fundraising and the coordination of the Epiphany Collection. The 27<sup>th</sup> laureate of the Olga Havel Award was selected from 26 nominated candidates. The 2021 **Public Award** went to **Zuzana Nemčiková**, psychologist from the Revenium organisation, who despite her recurring oncological condition offers psychological help to patients with similar diseases and helps them renew their working competence. A special award was presented to nine-year-old **Maxmilian Koenigsmark**, a boy with a severe physical disability who engaged in activities promoting inclusion in education.

The Olga Havel Award Ceremony took place in the gardens of the Convent of Saint Agnes under the auspices of the chairwoman of the Committee on Social Policy of the Czech Senate Miluše Horská, Constitutional Court Judge Kateřina Šimáčková, and Prague Municipal Council member Milena Johnová. The programme hosted by Veronika Sedláčková included a performance by flutist Markéta Stivínová.

## PHOTOGRAPHY EXHIBITION *Olga Havel and the Committee of Good Will*

The exhibition was created to mark the 20<sup>th</sup> anniversary of The Committee of Good Will. It has been touring the Czech Republic for over 10 years, and it was also translated into other languages and presented in Poland, France, Slovakia and Lithuania. So far, it has been shown at over 120 locations. Despite the ongoing pandemic in 2021, the photographs were displayed in Klášterec nad Ohří, Šternberk, University of West Bohemia Library, Skleňák in Prague 6 and Olga Havel Grammar School in Ostrava.

COORDINATOR **Kateřina Kubínová**

"I would like to thank the Committee of Good Will for letting us show the exhibition which allows us to review the life and activities of Olga Havel even after a quarter of a century. She was a very strong personality who never yielded and never lost her face. She remained herself under any conditions. She was used to helping her family and friends from early childhood, which instigated her strong inclination to help others. As First Lady, she was given the opportunity to help the powerless and needful on a large scale. Through her Committee of Good Will, she was able to deliver the assistance to people who would otherwise have no chance to change their lives. The photographs tell the story of one of the most successful Czech charities, about its founder Olga Havel, her courage and perseverance, which is a source of inspiration for us all. Her legacy is still alive."

Praha 6 Council member*

## PHOTOGRAPHY EXHIBITION

*Olga Havel in the Memories of her Friends  
and in Photographs by Bohdan Holomíček*

The exhibition of the Olga Havlová Grammar School in Ostrava and the PANT Civic Association was created to mark the 80<sup>th</sup> anniversary of Olga Havel's birth. It is a mosaic of Bohdan Holomíček's photographs and memories of Olga's friends and other people who shared their memories of meeting her. With the permission of the authors, the OHF has offered to lend the exhibition to secondary schools in the Prague area since 2019. Despite the difficult situation in Czech schools and long remote schooling, students could appreciate the exhibition even in 2021. The exhibition was shown at the 1st International School of Ostrava or in the Skleňák Gallery, Prague.

## PR AND COMMUNICATION

Our public events in 2021, like the year before, were affected by the covid-19 pandemic. Despite the strict lockdown rules, we were able to organise or participate in a number of events, such as: the 54<sup>th</sup> ČEZ Jizerská 50 race (12 — 14 February), *Good Will Golf* (26 May), 3<sup>rd</sup> year of the *Olga Havel Good Will Run* (15 September), *Werner von Siemens Award* (11 March), *CTP DoksyRace* triathlon race (13 September), or the *Good Will Concert* (21 November) which has been organised for 26 years by the OHF and the Kocián Šolc Balaščík Law Office. We took part also in the project *Kopni do virtule* — relay from Ostrava to Plzeň (14 — 19 June).

We also managed successful public collections — for instance for a recumbent tricycle for Petr, all-terrain pushchair for Natálka, hearing aids for student Nikola. For the sixth successive year, we joined the global donation challenge *Giving Tuesday*, which helped us collect CZK 104,000 to pay for motor therapy for twin brothers Matěj and Jakub. We continued our support for social services during the pandemic with dedicated calls for proposals.

The OHF continued its collaboration with the Václav Havel Library in 2021, participating in the organisation of an online discussion *I Have a Home, therefore I Am — Obtaining Decent Housing for People in Need in Prague*, attended by Prague Municipal Council member Milena Johnová, OHF director Monika Granja and People in Need field social worker Jana Němcová and hosted by Martin Churavý. The second discussion *The Young Finetune the Civic Society II* took place at the Václav Havel Library on 9 December. It was a part of the second year of the challenge *Donate your Heart* for secondary school students, and included the announcement of 10 winning projects of NGOs nominated by the students.

The OHF organised two lectures within the *Health and Lifestyle* programme. On 2 June, it was an online lecture *Covid-19 and Vaccination* with an excellent Czech expert on immunology, prof. MUDr. Vojtěch Thon, Ph.D. A discussion entitled *The Maze Called Alzheimer* took place in the Minor Hall of the Municipal Library of Prague on 25 November, with the authors of the book of the same title Kateřina Čechová and Adéla Fendrych Mazancová.

For the eighth consecutive year, lectures for the public were

organised in the Municipal Library of Prague that follow upon the Salzburg Medical Seminars project and concentrated on public education about healthy lifestyle. The lecture took place on 2 June. They explained very clearly the way in which the SARS-CoV-2 virus causes the covid-19 illness. The authors of the book of the same title, Kateřina Čechová and Adéla Fendrych Mazancová presented useful information about the Alzheimer disease and the opportunities for its treatment and prevention.

The launch of the book *Cesta (Journey)* by Petra Alba took place at the OHF premises. The author suffers from schizophrenia and the book is about her condition. Tereza Vaňková sang songs inspired by the book and composed by UnHoly Mark.

OHF spreads information about its activities through its quarterly *Dobré zprávy (Good News)*, online bulletin for athletes *Novinky pro běžce dobré vůle (News for Good Will Runners)*, monthly newsletter *Mozaika (Mosaic)*, and also on its websites: VDV (OHF), cenaolgyhavlove (Olga Havel Award), sportprocharitu (Sports for Charity), nejdrivstrecha (Roof First), darujsrdce (Donate Your Heart), activecitizensfund; and on social media: Facebook, Instagram and LinkedIn.

Throughout 2021, media released 638 pieces of news about the OHF's activities. Some appeared in national TV and radio channels, daily or weekly newspapers. The OHF collaborated with Czech Television, Czech Radio, Radio 1, Radio Blaník, Deník N, Novinky.cz, Lidové noviny, Hospodářské noviny, Deník, the Euro magazine, Medical Tribune, Ambit Media, Economica, Newton Media and other partners.

## THE DOBRÉ ZPRÁVY (*Good News*) MAGAZINE

For the thirteenth consecutive year, the OHF published its electronic magazine *Dobré zprávy* (Good News). The first issue of the magazine in 2021 (published in April) looked at child palliative care and its development in the Czech Republic. *Dobré zprávy* provided an interview with Jiří Krejčí, director of the Institute Pallium, which receives regular financial support from the OHF, with photographs by Milan Jaroš, the winner of the OHF award at Czech Press Photo 2015. The topic of the second issue (published in June) was, traditionally, the Olga Havel Award and its laureate Marek Navrátil. The third issue (released in September) was dedicated to the memory of the former director and president of the Committee of Good Will Dr. Milena Černá who passed away on 15 September 2021. The main topic of the issue was social housing and solutions to lack of housing in the Czech Republic. The fourth issue was published in December and looked at the combination of sports and charity, with special focus on the Olga Havel Good Will Run.

## OHF AWARD AT CZECH PRESS PHOTO

For the eighth time, The Committee of Good Will presented the prize *My Life with a Handicap* at the prestigious Czech Press Photo 2021 competition. The Award designed to recognize photographers who have created a photograph or a series of photographs capturing the life conditions of physically or socially disadvantaged people went to Kevin V. Ton for a series of photographs entitled *Maruška – Ordinary Life*, mapping the everyday life of a homeless woman.

"I have known Maruška personally for seven, maybe eight years. I met her in the street as usual — mostly silent and smiling, always with her younger boyfriend. Once at a campfire, she recounted how she used to work as a nurse and helped at the site of the worst air crash in the Czech Republic, which happened in Suchdol, Prague, in 1975. There were dozens of dead people and she never managed to get over the nightmare. I never really found out why she ended up homeless — simply a chain of failures. One November day, her homeless friends called an ambulance for her. She was in a very serious condition with bilateral pneumonia, but she did not want to go to a hospital. In the end, she was persuaded — and that was the last time we saw her. She died that evening. Given her homeless status and the lockdown, it took five months for her boyfriend and her mates to be able to organise the final farewell, on the 1 May of the next year."

## FOREIGN COOPERATION

The activities of the Committee of Good Will are traditionally supported by our sister organisations in Germany and Switzerland. Our sister organisation Deutsche Freunde und Förderer der Olga Havel Stiftung, e. V., an association operating as part of the Czech Embassy in Berlin, regularly organises charity events in support of our foundation.

L'Association Olga Havel branche helvétique, Geneva, has been supporting the *Education Fund* since 2013. Its chairwoman Marcela Bideau is a member of the programme's advisory team.

## GOLDEN LANE No. 19

The house no. 19 in the Golden Lane at the Prague Castle is rented from the Prague Castle Administration to house a gallery under the auspices of the OHF. The gallery sells products from workshops employing people with disabilities. The project stems from Olga Havel's desire to promote the practical activities of people with handicaps. The tradition dating back to 1995 is still flourishing and the gallery attracts a lot of attention of visitors to the Prague Castle, thus promoting the good name of the OHF abroad.

# FINANCIAL REPORT

**INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS**  
compiled as of 31<sup>st</sup> December 2021  
**Výbor dobré vůle – Nadace Olgy Havlové, IČ 004 06 066, Senovážné nám. 2, 110 00 Praha 1**  
**for the Board of Directors and the Supervisory Board**

**Opinion**

We have audited the accompanying financial statements of **Výbor dobré vůle – Nadace Olgy Havlové, IČ 004 06 066, Senovážné nám. 2, 110 00 Praha 1, IČ 00406066** (hereinafter also the "Foundation") prepared in accordance with accounting principles generally accepted in the Czech Republic, which comprise the balance sheet as at 31 December 2021, the income statement, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. For details of the Foundation, see Note 1. to the financial statements.

**In our opinion, the financial statements give a true and fair view of the financial position of Výbor dobré vůle – Nadace Olgy Havlové, a.s. as at 31 December 2021, and of its financial performance for the year then ended, in accordance with accounting principles generally accepted in the Czech Republic.**

**Basis for Opinion**

We conducted our audit in accordance with the Act on Auditors, and Auditing Standards of the Chamber of Auditors of the Czech Republic, which are International Standards on Auditing (ISAs), as amended by the related application clauses. Our responsibilities under this law and regulation are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Foundation in accordance with the Act on Auditors and the Code of Ethics adopted by the Chamber of Auditors of the Czech Republic and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Other Information**

The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon. The Statutory Body is responsible for the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of opinion thereon. However, in connection with our audit of the financial statements, our responsibility is to read the other information and consider whether the other information is not materially inconsistent with the financial statements or our knowledge obtained in the audit, the annual report has been prepared in accordance with the applicable legal requirements, or the other information does not otherwise appear to be materially misstated. If, based on the work we have performed, we conclude that the above is not true, we are required to report such facts.

Based on the work we have performed, we have nothing to report in this regard.

**Responsibilities of the Foundation's Board of Directors for the Financial Statements**

The Board of Directors is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the Czech Republic and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the above mentioned laws and regulations will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the above law or regulation, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
