We wish that the right to a dignified life was also enjoyed by those who live with disability or mental illness, by abandoned and elderly people, by those who have a different skin colour or a different way of life, by those who find themselves in poverty or attacked by a malignant disease.

Olga Kaulová

Mission

The mission of the Committee of Good Will – Olga Havel Foundation is to help people who because of their health or social status find it difficult to participate in society or cannot care for themselves without other people's assistance.

Through its activities, the Foundation aims to foster spiritual values and support education, defend human rights, and promote humanitarian values.

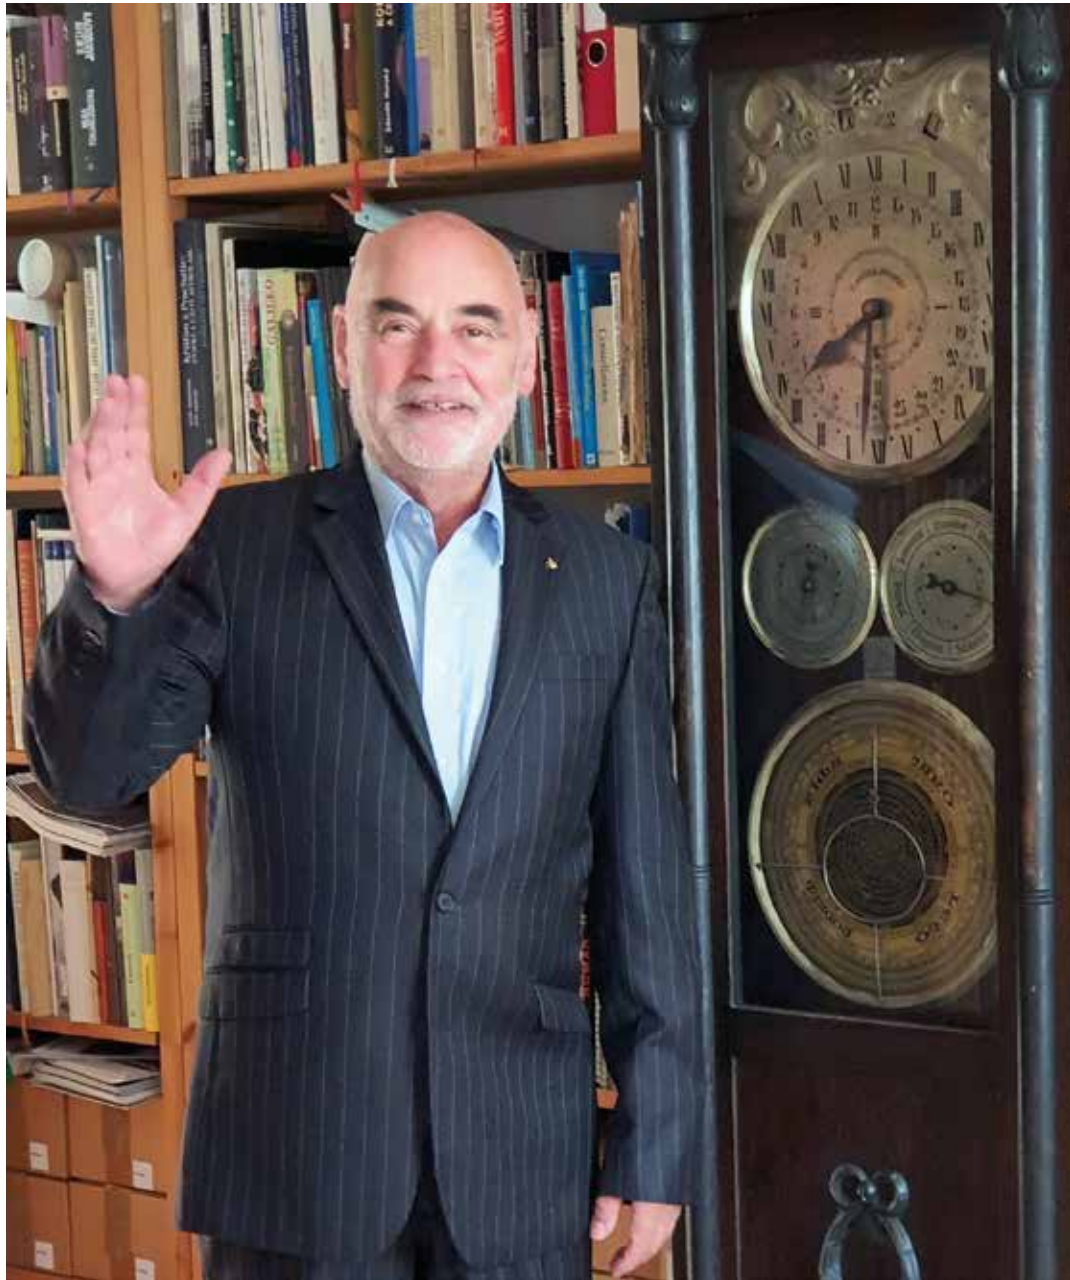

Goals

THE COMMITTEE OF GOOD WILL – OLGA HAVEL FOUNDATION

- # supports social services that help people at risk of social exclusion claim their rightful place in society;
- # assists civic associations and charities that provide social services to abandoned and disabled children, the homeless, women in need, the elderly, and people recovering from illness or injury, as well as organisations that help the ill and support people during their final days;
- # runs its own programmes in support of education for disabled children;
- # presents the Olga Havel Award annually to persons who despite their disability engage in helping others;
- # protects humanitarian values and education in society, as a particular wish of its founder Olga Havel;
- # collaborates with other NGOs on proposing changes to legislation to improve social and healthcare services and to protect human rights.

Code of Conduct

- #1** Members of the Olga Havel Foundation's (OHF) bodies, employees, external partners, and volunteers shall demonstrate their allegiance to the founders of the OHF and its traditions. At all times, they shall be aware of their responsibility for the overall image of the Foundation and the whole NGO sector, which includes the OHF. They shall promote the good reputation of the OHF, they shall strive to prevent any possible conflict of interest, and they shall not seek personal profit at the expense of the Foundation.
- #2** The OHF uses its resources for the beneficial purposes for which it has been established. It minimizes the expenses of its own administration, and manages its budget to make it a stable or even growing source of income.
- #3** The OHF makes its documents available to the public. Information about its activities is published in annual reports, which include financial information, donations and donors, and endowed contributions.
- #4** The OHF strives to define its mission, goals, and programmes clearly and comprehensibly. It ensures that funding is provided according to a clear set of guidelines, which are published in advance in annual reports and on the foundation's website at www.vdv.cz.
- #5** The OHF treats the applicants and receivers of grants and services in a helpful and honest way, protecting their privacy. It keeps the intellectual values included in applications and projects in strict confidence.
- #6** The OHF keeps donors and sponsors informed about the acceptance of their donations and their use. Gifts provided for specific purposes are to be used in accordance with the donor's instructions or contracts. The OHF respects the will and wishes of donors and testators. OHF employees will clarify with the donors or testators and their families how information about the donor's gift will be published in the annual report if necessary.
- #7** The OHF promotes its activities in ways that respect the dignity of its donors and the receivers of its funding.

A Word from the OHF President

Just like last year, I sit down to write this address with a heavy heart. We are just getting ready for the funeral of Dana Němcová. The cofounder and for long years the President of the Olga Havel Foundation died at the age of 89. Olga Havel, Dana Němcová and Milena Černá were the three most important persons within the foundation, its three souls. Last year, we commemorated one year from the death of Milena Černá and were getting ready for this year's commemoration of the 90th birthday of Olga Havel.

The year 2022 started cheerfully. The covid-19 pandemic was receding and the society seemed to be more at ease. That allowed us to allocate urgent funds for refugees from Ukraine. The number of Ukrainians with a refugee status per population in the Czech Republic is the highest of all EU countries. That testifies to the steady level of solidarity among the Czech populace. Our assistance to refugees would not be possible without the high number of donors and volunteers. I would like to thank them, as well as OHF's team of professionals led by Monika Granja.

You can read about our activities and outcomes in 2022 on the following pages...

Pathways Towards Integration

Pathways Towards Integration is one of the crucial OHF programmes. It started as far back as 1990, and has since supported thousands of people with disabilities. Its main focus is the integration of children and adults with disabilities into ordinary life, especially by assisting them in obtaining healthcare and compensatory aids not fully covered by the public health insurance, or by supporting organisations offering field, outpatient and inpatient services to people with disabilities. The programme includes the project *Ticho neléčí (Deafening Silence)* intended to assist families of children with hearing loss in obtaining hearing aids and other necessary equipment.

The source of money for this programme includes the national collection *There Can Never Be Enough Kindness*, account no. 625625625/0300, launched in March 2013.

We helped to pay for:

“We had her hearing measured at Audiofon, and she was diagnosed with moderate hearing loss. We kept monitoring the development together with the doctors. We contacted the Tam Tam organisation, which helped us understand the diagnosis and the ensuing situation. We also worked with a specialised logopaedist. Due to the unsatisfactory development in Rosalie’s speech, we were recommended hearing aids. Now she is wearing her hearing aids proudly. She adapted immediately and requests her hearing aids every morning. She can hear the sounds around her; she imitates them and points to them. Her vocabulary keeps growing, and she has just started to use three-syllable words and two-word phrases.

Our daughter is a source of inspiration for us, it is a miracle. We are very grateful for the donation.”

ASSISTANCE TO PEOPLE WITH DISABILITIES

Fund to Help Children with Cerebral Palsy

Since 2015, our foundation has assisted families who raise children with cerebral palsy (CP). The care of such children represents a substantial psychological and financial burden for the family. Healthcare aids, home accessibility equipment and the special therapy are hard to afford for many families. That is why we distribute grants for expensive motor therapy, which has not been covered by public health insurance despite its well-researched benefits for juvenile patients. The comprehensive therapy is very efficient in stimulating desirable psychomotor development in children.

"I would like most cordially to thank your foundation and your donors for your contribution for my son Daniel's physiotherapy programme in Liberec. He took the programme very seriously and exercised a lot, getting stronger every day. After he had broken his leg, he was slowly getting in shape. It took a lot of effort, but he keeps struggling, and that is the most important thing for us - he does not give up."

ASSISTANCE TO PEOPLE WITH DISABILITIES

Sasakawa Asthma Fund

The fund was established in 1993 by the Sasakawa Foundation, later renamed The Nippon Foundation. The profit from the deposited amount is distributed in an RFP procedure to organisations providing preventive services and curative stays for such children, to hospitals for equipment in their allergology wards, and to facilities providing curative stays and rehabilitation in a clean natural environment to children with asthma or allergy.

“Our facility which treats respiratory conditions in children received a grant in 2022 to buy inhalation devices for our little patients. We bought 20 devices, partly to replace our old ones. All our patients use them several times a day. OHF’s support is very valuable for us, because we can use the saved money to develop our facility and increase the quality of our services.”

SUPPORT FOR ELDERLY, TERMINALLY ILL AND DYING PEOPLE

Senior

For many years, the Senior programme has supported projects of NGOs which enable people to live their lives to the full even at an old age. As in previous years, our grants helped purchase equipment for retirement homes and nursing homes, for rental services offering aids for elderly people living in their homes, for homecare services, as well as for social services staff training.

"We are very grateful for the contribution from OHF because it allowed us to buy a professional blood pressure monitor, a syringe driver, and an infusion pump. The devices will help us raise the quality of our services - it will help our healthcare professionals in their work, and our clients will receive a wider scale of special healthcare services right in the home. The donation helped us fulfil our plans, and we are very grateful to OHF."

SUPPORT FOR ELDERLY, TERMINALLY ILL AND DYING PEOPLE

Palliative care

The aim of the programme is to support organisations, which provide palliative care to people with incurable diseases and their families. It emphasises a complex approach to the care of dying people, retaining a high standard of life, and alleviating the burdens presented by the disease. The programme has offered grants and contributions for the equipment of hospices, aids for mobile hospices, and staff training in hospices and nursing homes.

Since 2016, we have put special emphasis on the development of palliative care for children. Therefore, in 2020, we pledged to a three-year support of the new Institute Pallium, which undertook to push through a change to the system of palliative care for children. The organisation received a grant of CZK 506,000 from the OHF in 2022 for education courses and conferences, financial support of university students, and for the implementation of the paediatric palliative care policy.

“The OHF grant allowed us to buy aids and devices which will improve our services provided to terminally ill children. Now, one of the users of the aids is a six-year-old girl who needs an oxygenator and a suction pump. Taking care of terminally ill children is not an easy task. For any parent in the world, it is a nightmare to be told that their child is terminally ill; nobody wants to live longer than their kids do. It is very demanding for the whole family; it is a very intimate experience to deal with. We are glad that we can offer the services of palliative care coordinators who take care of all the necessary things – the aids and devices, communication with doctors, prescriptions, medicines and healthcare supplies, nutrition, natural products, psychological assistance for the family, as well as seeking various sources of financial support.”

SUPPORT FOR PEOPLE IN NEED

Ordinary life

The grant programme supports social projects of organisations, which assist people at risk of social exclusion in finding their way back to ordinary life. The resources are designed for NGOs working with Roma children, low-income families with children, single parents, people released from prison, and all people who, despite all their efforts, have little chance to live an ordinary life. This year, we allocated an emergency fund of CZK 200,000 to guide people severely burdened by debts in using the “Merciful Summer II” debt relief event. The grant went to Caritas CR, which used it to assist 109 people in debts to terminate their distraint processes.

We distributed **CZK 8,669,307**

We helped **41 organisations**

“The contribution allowed us to buy a new eco-friendly dryer for our centre for homeless people in Lovosice. The new and more efficient dryer replaced the old nearly dysfunctional device. It is a great help in our daily washing of bedsheets, towels, and clothes. Our facility runs two low-threshold daycare centres and a hostel for men. It provides services to about 70 homeless people annually.”

NADĚJE Lovosice

SUPPORT FOR PEOPLE IN NEED

Roof First

The Roof First project was established by the NADĚJE NGO together with Vojtěch Sedláček. It is designed to assist people who have lost their home by giving them free accommodation in hostels and refuge facilities for up to two months. It also provides free services of experts who help these people apply for necessary documents (social support, identity cards, etc.), or find regular housing or a new job. This support enables them to start a new life. In 2022, the programme paid for temporary accommodation for 66 women, 231 men, and 62 families with children.

“Domov sv. Markéty offers sheltered housing for pregnant women and mothers with children in emergencies related to the loss of housing, which they are not able to handle themselves. The Roof First project of the Committee of Good Will - Olga Havel Foundation allowed us to support several clients at our facility. The financial assistance helped the mothers get over the critical period, find new stability, and secure basic provisions for their children.”

SUPPORT FOR PEOPLE IN NEED

Housing Support Fund

The Prague City Hall and OHF launched a pilot project Housing Support Fund in 2020. The project is designed to provide financial assistance to people in need under strict conditions. The fund helps alleviate the lack of housing in Prague and prevents mostly single parents from ending up in the street. The financial support can only be granted to people who also use social therapy or services from organisations engaged in the project. The project was terminated in August 2022 and transferred its knowhow to the newly established Social Endowment Fund of the Prague City Hall.

Engaged organisations:

“We work with people who find themselves in very difficult situations. It is often related to financial distress, which is likely to grow in the near future. There are often barriers, which prevent these people from getting assistance from their families or the state. The Housing Support Fund has really prevented many individuals and families from losing the roof over their heads, or it helped them find a new home, which allowed them to take other steps to improve the quality of their lives.”

SUPPORT OF EDUCATION OF DISADVANTAGED YOUNG PEOPLE

Education Fund

The programme is one of the crucial and longest running OHF projects. Its aim is to provide talented young people from foster homes, socially disadvantaged families, as well as students with disabilities easier access to education through scholarship. In the last year, monthly grants were provided to 85 students at secondary schools and universities (57 socially disadvantaged students, 13 students with disabilities, 15 students from children's homes or similar facilities). The OHF offered one-off contributions to 16 students for learning or compensatory aids. In relation to the war in Ukraine, the assistance was extended to cover also Ukrainian students in Czech secondary schools, colleges, and universities. CSOB as the partner of the programme increased the sum of the fund by CZK 500,000.

SUPPORT OF EDUCATION OF DISADVANTAGED YOUNG PEOPLE

Nikola Tesla Scholarship

In 2015, the ČEZ Foundation helped us support the first students within the Nikola Tesla Scholarship programme. The scholarship helps physically or socially disadvantaged young people who study STEM fields at Czech universities and colleges. Today, there are several donors who help us support STEM students in their demanding studies and help them achieve education, which will make them competitive in the labour market.

“Last semester, I graduated from the university and I am about to start working. Thank you very much for the four months of support. It gave me a great opportunity to finish my thesis without having to spend every free moment about working. I am sorry I did not know about the scholarship before, it would have been very handy...”

... Thank you again; I really appreciate your assistance. It is great that there are foundations that focus on socially disadvantaged students who try to reach a higher level of education despite their unfortunate conditionst.

My heart is full of gratefulness.”

Active Citizens Fund

Active Citizens Fund issued four calls addressed to NGOs in 2022. The aim was to activate people, inspire and empower disadvantaged groups, develop advocacy and watchdog activities, increase civic awareness and media literacy, and advance the digital skills and potential of NGOs. Throughout the year, there were six events for applicants and grant recipients on various topics, such as project logic or creation of video campaigns. We have completed 43 monitoring visits in the recipient organisations. Representatives of all the recipient organisations met online in November to share their experience and good practice. The meeting also addressed the issue of current conditions for NGOs. During the year, the fund supported 115 projects, 17 of which focus on the empowerment of vulnerable groups.

We distributed **EUR 945,016.64 for projects in Vulnerable Groups Empowerment in 2022 (new projects and payments to current recipients)**

Project cost **CZK 2,204,901**

We supported **17 projects focusing on vulnerable groups empowerment in 2022 (total of 35 projects in 2019–2022)**

The Active Citizens Fund programme runs within the EEA and Norway Grants 2014–2021. In the Czech Republic, the programme is administered by a consortium including the Czech OSF, OHF and the Scout Institute. The consortium was selected in an open competition. The programme is financed through the EEA and Norway Grants by Iceland, Lichtenstein and Norway and aims to reduce the economic and social differences within the European Economic Area and to strengthen collaboration within the group of 15 European countries.

“The primary aim of our project is to support the sense of neighbourhood solidarity and engagement. We support groups that collaborate within communities. The groups related to the community centre currently focus mainly on assistance for the elderly or Ukrainian refugees, and on seeking ways of alleviating the climate change on the local level. We work locally – because we believe it is best to show courage in everyday life. We believe that the principles we support locally can be applied even on a global level.”

SUPPORT FOR THE CIVIC SOCIETY

Donate your Heart

The aim of the challenge is to involve young people in the civic society. It is designed to acquaint secondary school students with the non-profit sector and its workings. Thirty-six teams from twenty schools across the Czech Republic took part in the 3rd year of *Donate your Heart*. The students were asked to find a nearby NGO, which provides social services, visit it and find out what they need. Then they were to develop a project for the NGO and apply for funding from the challenge. Ten projects received grants of up to CZK 20,000. On 21 November, they were invited to the discussion *The Young Finetune the Civic Society III* at the Václav Havel Library, attended by OHF President Vojtěch Sedláček, the athlete Irena Gillarová and the founder of the Nenech to Být Endowment Fund David Špunar, and moderated by the actress Martina Prášilová.

„Our team decided to help the Diocesan Charity České Budějovice, specifically to donate the grant for the course of Continuous Crisis Intervention Face to Face for the management of the crisis centre. We met the representative of the organisation, and we learned a lot about how the crisis centre and the whole organisation works. We realised that staff training is largely neglected in this field, although the quality of education is decisive for the quality of assistance and it can really save lives.”

URGENT ASSISTANCE

Emergency Fund in Support of Organisations Assisting Ukrainian Refugees

After the Russian invasion in the territory of Ukraine, OHF immediately engaged in assisting people who fled the areas of war. In the first days of the conflict, we mainly collected items of everyday needs, but later, our generous donors made it possible for the board of directors to allocate funds for subsequent assistance for Ukrainian refugees. On 6 March 2022, OHF announced grants for NGOs engaging in the integration of Ukrainian children in Czech schools, providing psychological or legal assistance, or helping the refugees get jobs and necessary documents. The grants were also designed to pay for the services of interpreters, organisation of special training, or for courses of Czech language for Ukrainians. OHF focused especially on specialised psychological assistance for children affected by war, allocating CZK 800,000 to support the project of the AMIGA organisation.

On 16 March 2022, OHF and Václav Havel Library representatives signed an open letter urging political representatives to adopt strict measures designed to terminate the war.

“The grant partly covered our expenses related to direct assistance for the first and strongest wave of Ukrainian refugees. Our organisation helped 450 Ukrainian refugees – helping them with visa, financial benefits, schools for children, medical care, basic needs and food, and more.”

“The OMI seminar gave me the opportunity to meet colleagues from all over the world, share experience about our practice and specific cases, and learn about conditions, which do not occur in our area. It also gave me the opportunity to admire the beauty of Salzburg. I really appreciated the case studies shared by participants, and the unlimited access to lectures and study materials even after the course was over. I strongly recommend these seminars.”

MEDICAL EDUCATION AND ADVANCEMENT OF PUBLIC AWARENESS

Health and Lifestyle

For the ninth consecutive year, lectures for the public were organised in the Municipal Library of Prague that follow upon the Salzburg Medical Seminars project and concentrate on public education about healthy lifestyle. On 31 May, the famous Czech psychiatrist Radkin Honzák delivered a lecture *Humour in Life and Medicine*. On 15 June, we organised a seminar entitled *Paediatric Palliative Care and Social Services* together with the Institute Pallium, where experts could share their experience.

PROJECTS PROMOTING CHARITY THROUGH SPORTS

Sports for Charity

Since 2009, OHF has conducted a project, which involves non-professional athletes in supporting people in need. It was traditionally a part of the 55th ČEZ Jizerská 50 cross-country skiing race, which took place on 12–13 February and brought proceeds of CZK 213,620. The triathlon events *PálavaRace* and *DoksyRace* collected CZK 52,731 for people with disabilities. We also continued our collaboration with *Rozběháme Česko* — the proceeds from their virtual run of CZK 41,455 were donated to help children with cerebral palsy. Like in previous years, futnet players from Radimovice u Želče joined Sports for Charity on 2 July with their tournament, and raised CZK 24,224 to assist eight-year-old Šimon. We also continued our partnership with the family run Budiměřický budík. OHF's traditional sport-charity events include the Olga Havel Good Will Run and Good Will Golf.

Olga Havel Good Will Run

The fourth year of the Good Will Run took place on 13 September in Hvězda Park, Prague, under the auspices of Prague 6's Mayor Ondřej Kolář. Thanks to the generous assistance of various organisations, companies and volunteers, the whole collected sum was used to help families in need. Several NGOs joined the project – the glass trophies were made by mentally disabled people in the Bona sheltered workshop, sellers of Nový Prostor helped sort the waste, food stands were managed by NGOs Cooks Without Home, Bílá Vrána, Slunce pro všechny Endowment Fund, Ukrainian European Perspective, and Pivovar Neratov founded by the Neratov Association. In addition to the run itself, visitors could enjoy additional activities: a short performance by the Spejbl and Hurvínek Theatre, athletic activities for children, photo-corner with Olga and Václav Havel, or javelin throw with Olympic athlete Irena Gillarová. Participants of the run could use the Nadace ČEZ Foundation's application *Move to Help*, which turns kilometres into money for families in need.

Good Will Golf

The aeqoom technologies company, the OHF, and the organisers from Putt PD, joined forces to bring about the third year of Good Will Golf in the Panorama Golf Resort Kácov on 22 May. Fifty-eight players took part in the tournament. The proceeds of CZK 185,600 helped to pay for motor therapy for children with neurological conditions, such as cerebral palsy, intracerebral hemorrhage, cerebral trauma, etc., as this therapy is not fully covered by health insurance. The winners received original trophies, namely glass hearts from the Železný Brod glassworks.

OLGA HAVEL'S LEGACY

The Olga Havel Award

The Olga Havel Award is presented annually by the OHF to people who despite their disadvantage enthusiastically engage in work for others. On 23 May, the 2022 award was presented to **Dita Horochovská**, the founder of the SILOU HLASU project. Her project helps people with limited motor ability learn how to control a computer with their voice. Dita was a pioneer in using these technologies, and helped with their development. She uses the computer tools every day. The 2022 **Public Award** went to **Martin Škurek** who lives a very fruitful life despite being a wheelchair user. Beside his work in the National Council of People with Disabilities, he also lectures at the Faculty of Law, Palacky University Olomouc, and he has volunteered for the Okýnko daycare centre for over 12 years.

The Olga Havel Award Ceremony took place in the Vzlet cultural centre on 23 May under the auspices of the Speaker of the House of Deputies Markéta Pekarová Adamová, the chair of the Committee for Social Policy of the Czech Senate Miluše Horská, and Prague Municipal Council member Milena Johnová. The programme included a performance by Natália Kuchárová and guitarist Tschavala Carlita.

“Our association has trained over 40 clients from different parts of the Czech Republic. Except two or three, all of them use the technologies, which feels very rewarding. Some might consider the number too low, but there are just two of us, so I think it is not low at all. When the clients can control their computer with their voice, it allows them to be independent for several hours, which also helps the caregivers.”

OLGA HAVEL'S LEGACY

Photography Exhibition *Olga Havel and the Committee of Good Will*

The exhibition was created to mark the 20th anniversary of the foundation. It became very popular among the public. It has been touring various museums, libraries, or galleries all over the Czech Republic for 12 years now. It has also been shown abroad (e.g., in Lithuania, Slovakia or Poland). There are 26 panels with 33 black-and-white pictures by several prominent photographers, including Ondřej Němec, Bohdan Holomíček, Gabriela Čapková, or Zdeněk Chrapek. In 2022, the exhibition was shown at the following places: Municipal Library of Písek, F.V. Lorenc Library in Vrdy, Municipal Library in Jílové, Scientific Library of J. E. Purkyně University Ústí nad Labem, Municipal Library of Hradec Králové, Municipal Library of Bílina, Municipal Library of Ostrava – Výškovice, Library of Cerhenice, Hospic na Svatém Kopečku in Olomouc, and the Library of Smrčná.

Project coordinator **Kateřina Kubínová**

“We were given the opportunity to present the exhibition Olga Havel and the Committee of Good Will in Smrčná in early November. The opening was attended by Anna Šabatová and the President of the Jihlava Polytechnical College Zdeněk Horák. Ms Šabatová told us more about the foundation and about Olga Havel. The exhibition attracted a lot of people and I am glad that we got the chance to show it to the public. It is wonderful to see how many years the foundation has been helping people in need.”

OLGA HAVEL'S LEGACY

Photography Exhibition *Olga Havel in the Memories of her Friends and in Photographs by Bohdan Holomíček*

The Olga Havel Grammar School in Ostrava and the PANT Civic Association created the exhibition to mark the 80th anniversary of Olga Havel's birth. It is a mosaic of Bohdan Holomíček's photographs and memories of Olga's friends and other people who shared their memories of meeting her. The whole exhibit comprises twelve panels with short descriptions. With the permission of the authors, the OHF has offered to lend the exhibition to schools across the Czech Republic since 2019. In 2022, the exhibition was shown at the College of Education and Social Work in Prague, or the 1st International School of Ostrava. The photographs were also shown in the Vzlet culture hub on the occasion of the Olga Havel Award ceremony.

OLGA HAVEL'S LEGACY

Golden Lane No. 19

The house no. 19 in the Golden Lane at the Prague Castle is rented from the Prague Castle Administration to house a gallery under the auspices of the OHF. The gallery sells products from workshops employing people with disabilities. The project stems from Olga Havel's desire to promote the practical activities of people with handicaps. The tradition dating back to 1995 is still flourishing and the gallery attracts a lot of attention of visitors to the Prague Castle, thus promoting the good name of the OHF abroad.

Public Communication

In addition to the traditional commemorative gathering at the grave of Olga and Václav Havel, the Olga Havel Award, or the Good Will Run, the Committee of Good Will – Olga Havel Foundation organised a number of other events during the year 2022. On 21 April, a plaque was unveiled at a tree on Senovážné náměstí, Prague, in memory of the late OHF Director and President Milena Černá on the occasion of her 80th birthday, followed by a presentation of Monika Hodačová's book *Good People Keep the World Going* about Milena Černá's life and legacy. Within the project *Health and Lifestyle*, OHF organised a lecture by Dr. Radkin Honzák at the Municipal Library of Prague in May, and together with the Institute Pallium, a seminar on paediatric palliative care for healthcare professionals in June.

Thanks to the partnership with the Václav Havel Library, the OHF could organise several events there. The discussion *Invisible — Stories of Women who Lost their Homes* took place in early May. Alena Miková, Kevin V. Ton and Jana Kočová shared their experience with the issue. In October, photographer Bohdan Holomíček and other guests acted as patrons at the launch of the 2023 Charity Calendar with photographs of Olga Havel. The event included commented projection of the photographs. The Václav Havel Library offered its premises also for the November meeting of students engaged in the *Donate your Heart* challenge. The students presented their projects and discussed their experience with people from the field of charity.

The Committee of Good Will became a partner of several events where people could learn more about the mission and activities of the foundation. These included the 55th ČEZ Jizerská 50 cross-country skiing race (12–13 February), Festival of Embassies (4 June), Good Will Golf (22 June), Radimovice Help (2 July), CTP DoksyRace tri-

athlon challenge (11 September), or the 27th Good Will Concert organised by the Kocián Šolc Balaščík Law Office (4 December).

During the year, the OHF organised several public collections. In February, it was a commodity collection for refugees from Ukraine and a monetary collection to cover psychosocial assistance for these refugees. Another targeted fundraising challenge brought in enough money to buy a wheelchair for Aleš. The foundation also joined the global challenge Giving Tuesday for the seventh time, this time focusing on people who have lost their homes.

The OHF spreads information about its activities through its website and social networking sites: Facebook, Instagram, LinkedIn, and YouTube. OHF supporters and partners receive a newsletter every month. The quarterly *Dobré zprávy (Good News)* is available on the foundation's website or in printed copies. Reports about OHF's activities appeared in national and local media, such as Czech Television (News, Studio 6, Home Alone), TV Nova (Breakfast with Nova), or Czech Radio Radiožurnál (Guest of Lucie Výborná). OHF also collaborated with Deník N and Radio 1. Information about the foundation also appeared in text media, including Lidové Noviny, Deník or Seznam Zprávy.

PUBLIC COMMUNICATION

The Dobré Zprávy (Good News) Magazine

For the fourteenth consecutive year, the OHF published four issues of its electronic magazine *Dobré Zprávy* (Good News) in 2022. The first issue of *Dobré Zprávy* was published online on our website and brought an interview with the foundation's new president Vojtěch Sedláček. The first issue also presented the activities of the TADY A TEĎ NGO and the opinions of students about the challenge *Donate your Heart*. The second issue was published in print in May and addressed mainly the 28th year of the Olga Havel Award, which went to Dita Horochovská. The autumn issue, which was published in early September, focused mainly on motivation, but also brought an interview with Irena Gillarová, Olympic javelin thrower and a patron of the Good Will Run. The third issue also looked back at the Good Will Golf and the Olga Havel Award ceremony. The last issue, published in print in December, was dedicated to bequests and to the memories of our generous donors who designed their bequests to help other people.

OHF Award at Czech Press Photo

For the ninth time, the Committee of Good Will presented the prize *My Life with a Handicap* at the prestigious Czech Press Photo 2022 competition. The Award designed to recognize photographers who have created a photograph or a series of photographs capturing the life conditions of physically or socially disadvantaged people went to Tomáš Řečtáček for a series of photographs entitled *Addiction Therapy — Psychiatric Hospital Horní Beřkovice*.

“The series of photographs from the hospital in Horní Beřkovice was created between 2019 and 2022. It is a part of my project OUTSIDE – Life with Addiction about people who struggle to overcome their substance addictions. In the Czech Republic alone, this issue concerns some 48,000 drug-addicts and 500,000 alcoholics. During my work, I became a part of the community for a few days, I heard dozens of gloomy life stories. Many of these people were very enthusiastic, but many seemed resigned or unwilling to step out of the vicious circle and move on. I feel very privileged and happy to receive the OHF award at Czech Press Photo. I would like to thank all the people in the Horní Beřkovice hospital, both healthcare professionals and the patients who decided to fight their addiction.”

OUR PARTNERS ABROAD

Our Partners Abroad

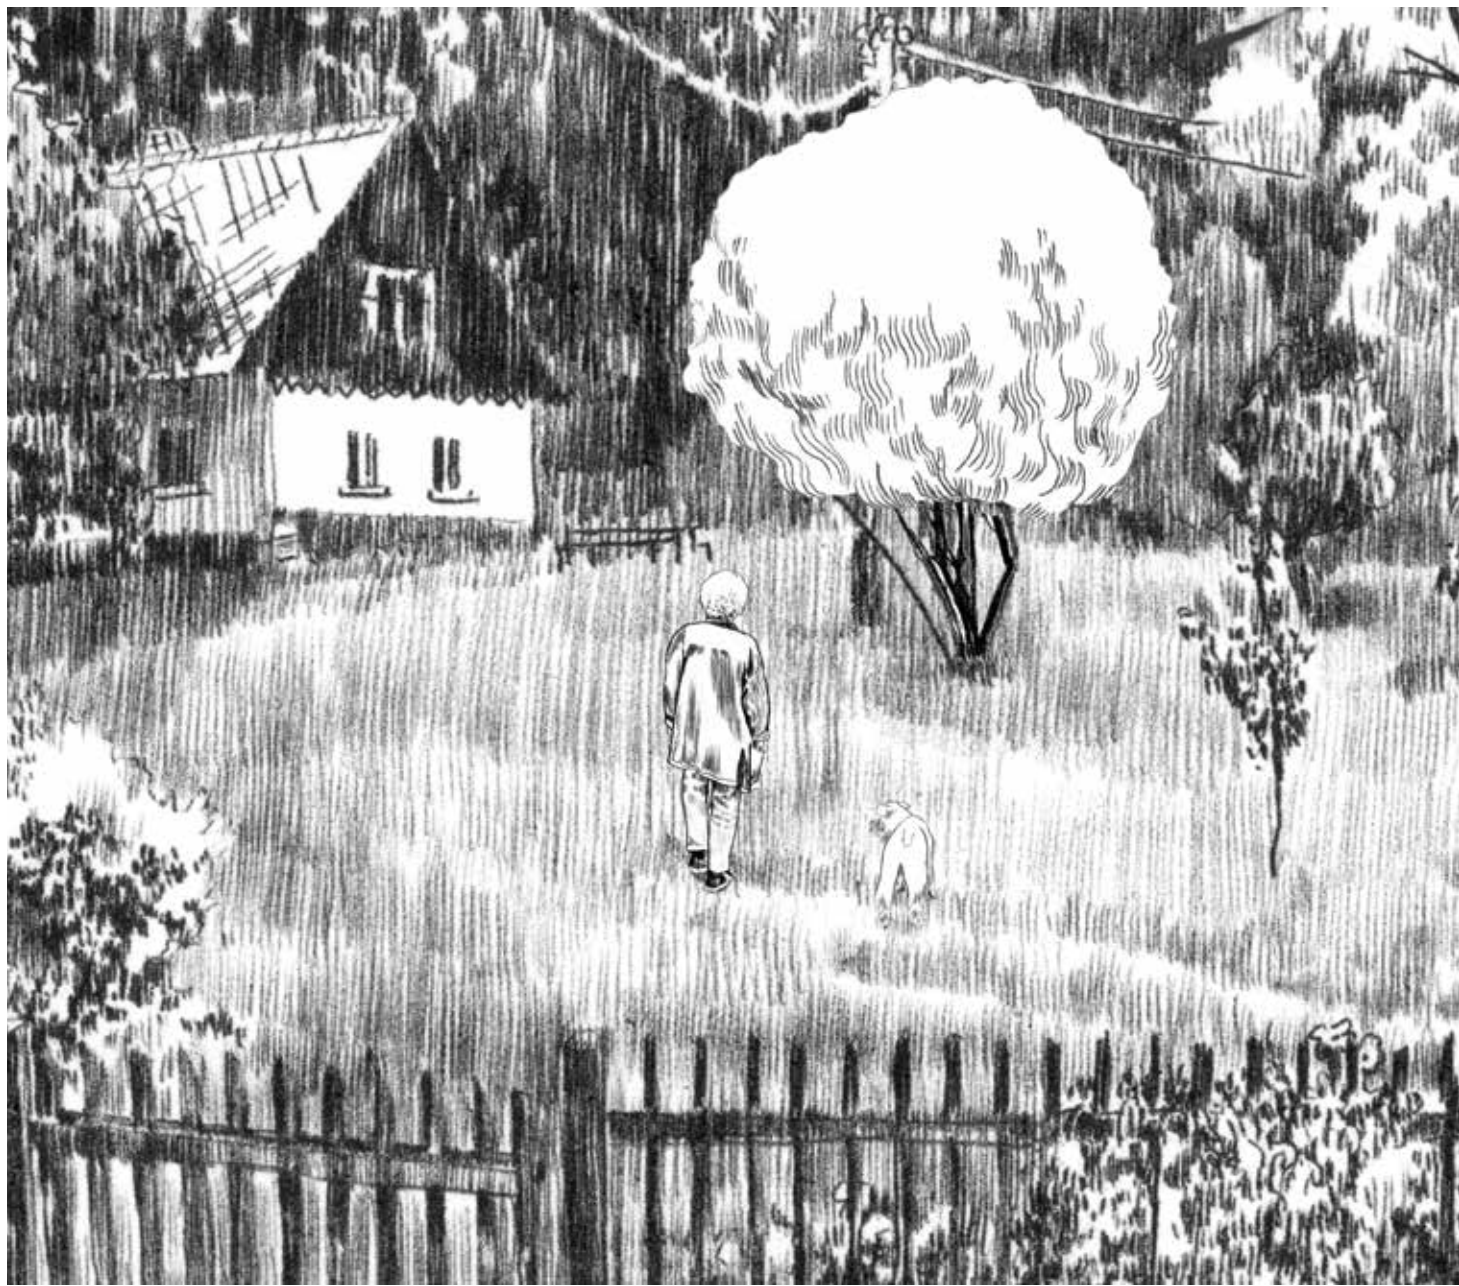

Germany

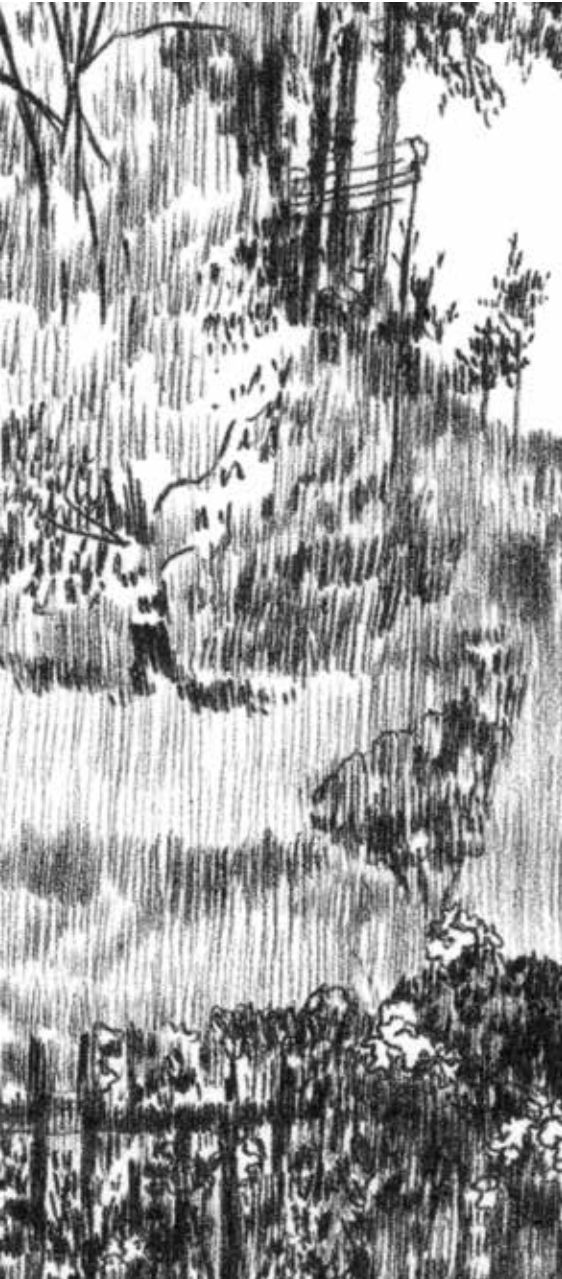

Our sister organisation Deutsche Freunde und Förderer der Olga Havel Stiftung, e. V., an association operating as part of the Czech Embassy in Berlin, regularly organises charity events in support of our foundation. In December 2022, the association organised a discussion with Markus Meckel at the residence of the Czech ambassador to Berlin. The proceeds of CZK 147,390 supported education of disadvantaged young people.

Switzerland

L'Association Olga Havel branche helvétique has been supporting the *Education Fund* since 2013. Its chair Marcela Bideau is a member of the programme's advisory team. In 2022, the association supported the fund with CZK 461,760.

Financial Report

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS
compiled as of 31st December 2022
Výbor dobré vůle – Nadace Olgy Havlové, IČO 004 06 066, Senovážné nám. 2, 110 00 Praha 1
for the Board of Directors and the Supervisory Board

Opinion

We have audited the accompanying financial statements of Výbor dobré vůle – Nadace Olgy Havlové, IČO 004 06 066, Senovážné nám. 2, 110 00 Praha 1, IČO 00406066 (hereinafter also the "Foundation") prepared in accordance with accounting principles generally accepted in the Czech Republic, which comprise the balance sheet as at 31 December 2022, the income statement, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. For details of the Foundation, see Note I. to the financial statements.

In our opinion, the financial statements give a true and fair view of the financial position of Výbor dobré vůle – Nadace Olgy Havlové, a.s. as at 31 December 2022, and of its financial performance for the year then ended, in accordance with accounting principles generally accepted in the Czech Republic.

Basis for Opinion

We conducted our audit in accordance with the Act on Auditors, and Auditing Standards of the Chamber of Auditors of the Czech Republic, which are International Standards on Auditing (ISAs), as amended by the related application clauses. Our responsibilities under this law and regulation are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Foundation in accordance with the Act on Auditors and the Code of Ethics adopted by the Chamber of Auditors of the Czech Republic and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon. The Statutory Body is responsible for the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of opinion thereon. However, in connection with our audit of the financial statements, our responsibility is to read the other information and consider whether the other information is not materially inconsistent with the financial statements or our knowledge obtained in the audit, the annual report has been prepared in accordance with the applicable legal requirements, or the other information does not otherwise appear to be materially misstated. If, based on the work we have performed, we conclude that the above is not true, we are required to report such facts.

Based on the work we have performed, we have nothing to report in this regard.

Responsibilities of the Foundation's Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the Czech Republic and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the above mentioned laws and regulations will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the above law or regulation, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
